Introduction

Honest · Integral · Responsible · Transparent · Ethical

I am most confident using Linux-based operating systems.

My computer skills are my greatest asset - specifically Linux and GIMP - and I am able to quickly learn, understand and adapt to any software system.

I am open to remote contract/part-time employment to work from my home office, with adaptable hours which respect my commitment as a full-time single father.

Past employment

(2012>2017) Warehouse Operator - Aldi Distribution Center

My responsibilities included packaging and shipping orders, and regular/high-reach forklift tasks. Valued among my peers, I enjoyed a close working relationship.

(<2011) Photographic Imaging Professional - Kodak Photographics

My primary responsibility, as a manager for multiple labs, was to ensure all print operations were maintained to the controlled quality and standards required through regular Kodak audits.

I regularly performed intensive photographic digital restoration and archival tasks.

I was solely responsible for integrating GIMP into the pre-print image processing procedure.

Activities history

Gold Coast Koala Friends
Gold Coast City Panel
Queensland Greens
Pirate Party Australia

Freedom Publishers Union
GC Media Publishing Management
Harmonious Platform Systems
MPPM Portfolio Management

Technical skills

Linux/NetBSD/OpenBSD
Oracle VM VirtualBox
Cockpit/Webmin
Squid
OrangeHRM/Dolibarr CRM

Redmine/MantisBT/Bugzilla/Git
IPFire
pfSense
Pi-hole
SmokePing

Business skills

Data analysis
Data management
Encryption
Systems security

Portfolio management
Digital content management
