Professional introduction

Honest · Integral · Responsible · Transparent · Ethical

I am most confident using Linux-based operating systems.
My computer skills are my greatest asset – specifically Linux and GIMP – and I am able to quickly learn, understand and adapt.
I am currently open to remote contract/part-time employment to work from my home office, with adaptable hours which respect my commitment as a full-time single parent.

Past employment

(2012>2017) Warehouse Operator – Aldi Distribution Center
My responsibilities included packaging and shipping orders, and regular/high-reach forklift tasks.
Valued among my peers, I enjoyed a close working relationship.

(<2011) Photographic Imaging Professional – Kodak Photographics
My primary responsibility, as a manager for multiple labs, was to ensure all print operations were maintained to the controlled quality and standards required through regular Kodak audits.
I was solely responsible for integrating GIMP into the pre-print image processing procedure.

Activities history

Gold Coast Koala Friends	Freedom Publishers Union
Gold Coast City Panel	GC Media Publishing Management
Liberal Democrats	Harmonious Platform Systems
Queensland Greens	MPPM Portfolio Management
Pirate Party Australia	

Technical skills

Linux/NetBSD/OpenBSD	Redmine/MantisBT/Bugzilla/Git
